

**BIG Local Keighley Valley Partnership:  
Declaration of Interest & Loyalty**

Purpose of this Declaration is:

- To demonstrate that volunteers and salaried workers involved in spending public money do not benefit personally from any decisions that they make.
- Members of the Keighley Big Local Partnership have an obligation to avoid conflict between their private and business interests and the interests of the Keighley Big Local.
- By asking volunteers and salaried workers to declare any pecuniary or personal interests that they might have in matters involving Keighley Big Local, it should help avoid any questions about volunteer and salaried workers influences and motives.
- For example if your partner runs a cleaning company and Keighley Big Local is looking to award a contract for cleaning, then it is important to declare this interest. This is because you can be seen as having a particular interest. This does not disqualify the company from taking place any tender process, but ensures complete openness].

NAME .....

Have you or your immediate family members any direct pecuniary interests in any matters likely to be considered by the Keighley Big Local Partnership?
