Supported by Adele, Annie, Wendy, Sue & Shaun

**2PM Attendance:** Greg E  
Supported by Sue, Ian & Shaun

**Apologies** Pauline, Junaid, Mike, Halimah

**Notes from 4.0**

- Shaun facilitated the meeting
- Annie Berrington gave an overview of play activity; numbers attending sessions are increasing. A more extensive programme is being put together now that Get Out More CIC has recruited additional Forest School Practitioners and project support. Annie will be encouraging adults and guardians to take part in outdoor play training.
- Adele Bosworth gave an overview of youth work in the Big Local area. Shaun to promote these opportunities via social media. There will be a review of provision before the start of the school summer holidays
- Morrison's vouchers will be collected from the Keighley Store on Wednesday 14<sup>th</sup> June. Conditions: The photos of residents collecting their vouchers will be shared on social media and Keighley News.
- Davina gave an update on the proposed play area for Hainworthwood Play Area; that the First phase can go-ahead. BMDC Parks has awarded the tender to Wickstead Play. An application has been submitted to West Yorkshire Police – Proceeds of Crime Fund for £5K; Shaun explained this was a way short of the funding required to complete the installation of the play area but the funding streams identified to cover Phase 2 were no longer available to Keighley Big Local. WREN, BIFFA & Yorventure Landfill Communities Fund can no longer be accessed. Davina asked if the LTO would ask Local Trust for the funding to complete Phase 2. The Partnership agreed this was the Flagship project and the additional funds should be requested. Wendy to contact the Local Trust with a view to making an official request to add funds to Year 2 of the Keighley Big Local Plan.
- VOTE: NCS offer should be moved to support Stockbridge residents. No interest from residents 'off Dalton Lane. Riddlesden Cricket Club is a potential site for activity. Linking with resident Safraz- Greg encouraged more dialogue between the Keighley Big Local Partnership and Safraz; a 'key resident' in developing provision, particularly cricket for young people.
- VOTE: Reallocate £5000 away from Dalton Lane 'Green Park' improvements. Partnership members to consider contingencies and Shaun/ Wendy to present proposals at the next meeting of the Full Partnership
- VOTE: Street Play Rangers awarded £280 to deliver Street Play in the half-term holiday. Shaun to promote
- VOTE: Request from BMDC Community Play Development Team for funding to continue Open Play Sessions at Parkwood Centre for Young People. The Partnership was not in favour. Not sustainable. Shaun to discuss outdoor play provision on the adjacent play area with Get Out More CIC. Tuesdays 4-6PM
- Shaun asked what information the Partnership required to evaluate activities: Shaun to ensure quantitative data is available for all activities. Further discussion required. Ian to help in explaining review of the Keighley Big Local plan.
- Agreed that 'some form of event' should take place in the autumn to provide organisations with the chance to pitch ideas for inclusion in the Keighley Big Local Plan 2018-2020.
- Grants awarded to Keighley Healthy Living Initiative; Irene Lofthouse and Parkwood Primary School. Shaun to include on the grants database. A paper file will be created [from electronic records] for all grants awarded to date
- Phil Sheridan gave a comprehensive presentation to the Partnership; River Worth biodiversity, management and potential projects. Phil proposed using the £2000 allocated to a 'River Awareness project' to work with the Aire Rivers Trust [and Open Source Arts] and encourage the establishment of a 'Friends of the River Worth'. Partnership in full agreement

Meeting closed at 9.15pm
